

48 inch Induction Range, 6 Heating Zones, Electric Oven Master Series

\$ 8.999

MAS486INMXV

The new Bertazzoni ranges are superb cooking appliances designed, engineered and made in Italy. All Bertazzoni appliances integrate seamlessly into style-harmonized suites for a true, high-performing kitchen.

This all-new induction range has 6 high-power heating zones with maximum power output of 3700W. The right-side heating zones can be bridged to create a larger cooking area. Each induction area is controlled with knobs and has a convenient read-out interface on the glass worktop.

The 4.7 cu.ft electric main oven with dual diagonal convection allows even baking and roasting on 7 shelf levels. A 2.4 cu.ft auxiliary electric oven with broiler helps prepare multiple dishes at the same time.

The soft-close oven door with edge-to-edge tempered glass is a masterpiece of European engineering and makes the oven door very easy to wipe clean.

The fingerprint resistant finish on all knobs, handles, and stainless steel oven door surfaces makes cleaning a breeze.

Optional **Collezione Metalli** décor sets knobs and handles are available in contrasting metals - satin gold and black nickel to personalize these accent style elements on your range, as well as all refrigerators and dishwashers in your kitchen suite.

All Bertazzoni appliances are covered by a 2-year warranty.

Specifications

Features
