

24 Panel Installed Dishwasher 14 settings 48dB Professional Series

DW24XV

All Bertazzoni dishwashers are designed and engineered with the highest grade materials and components. Using one of the 3 available handle kits in Professional, Master and Heritage Series style, this stainless dishwasher integrates seamlessly with all other Bertazzoni appliances into style-harmonized suites for a true, high-performing kitchen. This dishwasher is Energy Star compliant using as little as 3.5 gallons for a complete wash cycle.

This XV model dishwasher offers superb cleaning performance with 3 spray arms to remove tough deposits. Load up to 14 place settings in the upper and lower baskets. The upper basket has a convenient one-touch height-adjustability. Select one of the 5 available wash cycles and 4 wash options through the concealed LED interface. This top-of-the-line dishwasher is perfectly insulated and virtually inaudible at 48 DbA.

All Bertazzoni appliances are covered by a 2-year warranty. Products and packaging are 99% recyclable.
