

18" Built-in Freezer Column with Ice Maker Professional Series

\$ 4,999

REF18FCBIPRV

These built-in freezers column are masterpieces of Bertazzoni design and technology. Their panel ready front doors reflect close attention to detail and high-quality materials, inside and out.

The large capacity cavity offers versatile storage with 3 height-adjustable shelves, plus 1 stationary. 4 slow-close freezer drawers and 3 height-adjustable door bins complete the picture.

The intuitive temperature controls allow for total accuracy with a digital user interface and internal LED touch interface. The variable speed compressor and evaporator offers optimal temperature control including rapid freezing and lateral air circulation keeps the entire freezer at the same temperature throughout. The automatic ice maker with water filter has a daily capacity of 3.9 lbs. Replacement water filters are available for purchase [here](#).

Stainless steel and carbonio door panel kits are available as optional accessories. Stainless steel toe kick and connection kit for multiple installations are included in the unit.

To mount a Bertazzoni handle kit on a custom kitchen cabinet panel, use brass threaded inserts available for purchase [here](#).

This refrigerator integrates seamlessly with all other Bertazzoni appliances into style-harmonized suites for a true, high-performing kitchen.

Handle kits and door panels are sold separately.

Bertazzoni column freezers are designed with pride in Italy and covered by an industry-leading 2-year parts and labor warranty.
